

# Date the Artefact

A game for 2 to 4 players, + 1 referee.

## INSTRUCTIONS

Cut out these pictures of objects from the 1930's to the 1990's to make a set of 30 cards. Make yourselves 3 date labels with 1930 to 1950 ; 1950 to 1970 ; and 1970 to present on them. Turn the object cards upside down. Each player picks up a card in turn and puts it under the date label he or she thinks it fits. The referee then asks 'Are there any challenges?'. If the other players think the date is wrong they may challenge the players decision, and win the card for themselves if they choose the correct date. The referee awards the card for each correct answer and the card is removed from play. The winner is the player with the most cards.
